# THE 21ST CC PROJECT PREPARES COACHES ACTION PLAN

## COACHES ACTION PLAN PREPARE COMPANY COACHES FOR THEIR CHANGED ROLE IN WORK-BASED LEARNING

The 21st Century Coaching Project prepares company coaches for their changed role in work-based learning from VET students.

These competences and their performance indicators are available on the page

<https://21cc-action.eu/competences/>

The project develops a Personal action plan which is a methodological tool for corporate trainers, coaches to assess their own competencies and find solutions on how to develop them.

The Step-by-step guide for the Personal Action Plan includes:

**Step 1:** Define your goal. Get clear on what you want to achieve with your project.

**Step 2:** List tasks. Once you have your goal, list the tasks and activities you must complete to achieve it.

**Step 3:** Identify critical tasks.

**Step 4:** Assign tasks.

**Step 5:** Assess and improve.

The project created a self assessment tool for corporate trainers and coaches.

## 21 CC

*The aim of 21st Century Coaching Project is to prepare company coaches for their changed role in work-based learning from VET students.*

This project has been funded with support from the European Commission Erasmus+ KA220 Strategic Partnership Projects Number 2021-2-HU01-KA220-VET-000049510 and will be develop from May, 2022 till May,2024.

Thank you very much!

# PREPARING COMPANY COACHES FOR THEIR CHANGED ROLE IN WORK-BASED LEARNING

*The learning materials needed by supervisors/coaches in the 21st century workplace have been consensuated and published.*

## STATE OF THE PROJECT

The project created a self assessment tool in which the corporate trainers, coaches can assess their competences for their changed role in work-based learning from VET students. They obtain a punctuation of their assessment and ways to improve their competences.

Learning materials are being created to help corporate trainers, coaches to improve their competences for their changed role in work-based learning from VET students.

During the project meeting 2 hold in Thessaloniki during April 2023, the learning materials needed by supervisors/coaches in the 21st century workplace were discussed by the partners.

The learning materials developed by partners include:

1. Performance indicators
2. Learning objectives
3. Activities with instructions and self-evaluation methods
4. Working group exercises
5. WIKIES
