

THE 21ST CC PROJECT TRANSFERS TO COMMUNITY-LTTA

21ST CC LTTA - LEARNING TEACHING TRAINING ACTIVITY 21ST CC PROJECT RESULTS ARE PRESENTED TO STAKEHOLDERS AND DISCUSSED WITH THEM

The 21st Century Coaching Project prepares company coaches for their changed role in work-based learning from VET students. In doing so,

- **Criteria for company** prepared for work-based learning have been described,
- **21st Century competences** leading to an updated job profile of the coach have been identified,
- **Methods and training material** for coaches have been developed,

- A **Personal Action Plan** where coaches can make their own skills analysis and create personalised learning program has been developed, and
- A **web-app** has been created to include the agreements between school and company and to monitoring students skills development for coaches.

In this final phase of the project, a LTTA presented project results to participants. Gave feedback from participants to improve the products.

21 CC

The aim of 21st Century Coaching Project is to prepare company coaches for their changed role in work-based learning from VET students.

This project has been funded with support from the European Commission Erasmus+ KA220 Strategic Partnership Projects Number 2021-2-HU01-KA220-VET-000049510 and will be develop from May, 2022 till May,2024.

For more information on the project you can visit the following website or sign up for a newsletter with your email address.

Thank you very much!

PREPARING COMPANY COACHES FOR THEIR CHANGED ROLE IN WORK-BASED LEARNING

21ST CC Project Results are being piloting and testing by teachers, coaches and students and transferring to stakeholders.

STATE OF THE PROJECT

The 21ST CC LTTA - LEARNING TEACHING TRAINING ACTIVITY results are:

1. Coaches and teachers met in an international context and **exchange experiences** in the organisation of internships.
2. Coaches and teachers **tried out the products** and get **advice** from the **experts**.
3. Coaches and trainers **gave feedback, leading to improvements** in the draft versions of the products.

4. Coaches and teachers **developed their network**. This lead to improvements in the quality of coaching and the learning process from the students.

5. Contacts in this LTTA lead to **more and better international internships**.

Multiplier events in Hungary, Spain, the Netherlands, Estonia, Germany and Greece are being preparing untill April 2024 to **publicly launch the project results** and **increase the visibility** of the project results amongst the most relevant stakeholder organizations.

LTTA - LEARNING TEACHING TRAINING ACTIVITY

21st cc project results are presented to stakeholders and discussed with them

During the 21 CC LEARNING TEACHING TRAINING ACTIVITY hold in Sezged during February 2024...

... coaches and teachers developed their network. This lead to improvements in the quality of coaching and the learning process from the students.
